

1-1 PRIVATE GOLD CLASS LESSON

The structure behind The Physics Cafe is that you can learn from the best teacher but at an affordable price by sharing the cost with the classmates. However, parents and students have shared that there are valid reasons why they prefer a private and exclusive 1-1 (Gold Class) session with our tutor occasionally. For the first time in 10 years, we are pleased to offer this option on weekdays in all 3 outlets.

[Click to read more](#)

\$125/hr

SEC Physics/Maths/Chemistry

\$400/hr - JC Physics

\$250/hr - JC Maths / Chemistry

You will be spending more as you will be paying for the timeslot of an average group session. The fee is calculated based on 20% of the total tuition fee paid by a regular tuition class.

The one to one session will be fully structured, using notes from our regular programme. The tutor taking the private one to one lesson will be the same tutor taking the weekly group session of that level and subject.

The lesson will be efficient and effective and you will master the topic that you choose within the 2 hour session. You will be expecting to cover the content of about 2 to 3 group sessions in one single session of one to one. You will get to choose the topic that you want to cover. Our tutor will be ready for the lesson and the 2 hours will be fully utilised.

The 1-1 private tuition (Gold Class) lessons are suitable for the following students: Students taking H1 instead of H2, students taking IB instead of A level, students who need a crash course and is running out of time, students who join late and therefore need help for selected topics that he has missed.

Please do not register online for the private one to one Physics/Maths/Chemistry lesson as you do not have to pay any registration fee or deposit.

There will be no commitment to sign up for a minimum number of sessions. It can be done on an ad-hoc basis.

Existing or non-existing students can sign up for the private one to one Physics/Maths/Chemistry lesson.

Please send us a whatsapp to 9100 1235 "I am (name, level, school of student).

**I wish to schedule a private one to one (Physics, Maths, Chemistry) lesson on (date, time and outlet).
The lesson will be on (Topic, Level of difficulty out of 10)".**
